Banishing

- *Sound of Tibetan bowl*
- Star Ruby since Pan is a universal symbol of nature in his depictions

Opening

- *Sound of Tibetan bowl*
- Opening of the Basic Rite of HML (Sign of Harpocrates, inhale IPSOS while turning clockwise towards the center of the temple space. “Nu! The hiding of Hadit!”)
- Visualize Horus to the left of the temple and Maat to the right
- Manifestation as N’ATON
- Invocation of Maat, imagining the black flame of truth appearing before us, turning into a flaming black feather which will touch all those who are hurting our world and possibly causing fires in our forests
- Projection of Maat’s black flame of Truth to reveal to the leaders and the rest of Earth’s population the harm that we humans are bringing to this world. This harm which has been accentuated since the industrial revolution and which is causing our Earth to cry. Now the Earth is suffering from fires across the equator and it is destroying the lungs of our world, while contributing to the greenhouse gases. May Maat show us the Truth , may she reveal the reality of what we humans are doing to our home....and if we do not notice it on time, may our eyes be open and our minds receptive to see how we ave triggered our own downfall. May justice be restored and balance brought back as we realize the errors we have made. May the leaders come to change and become sensitized to the actual, grave reality of our current standing. “LAY MAAT UPON THEM -AND US ALL – FILL MANKIND WITH THE BLACK FLAME OF MAAT – IPSOS LUTIS NITRA!”
- Visualize the burning forests of Amazon and of the other regions around the equator also impacted. We visualize and project the calm cooling Balance of the black flame of Maat to

extinguish the fury of the fires. We Will for Justice to to the tribal people who are being killed and who are losing their ancestral homes and for the Protection of the animals and of the ecosystem.

- Channel N'ATON for inspiration about where to focus our energies next for the well-being of our home planet
 - Tarot cards are drawn – The Universe and the Prince of Wands (see fig. 5 and 6)
 - We interpreted the prince of wands as possibly representing Horus and decided to add a word for Horus' collaboration in our request: To Horus, we ask that you may induce or force the changes required after Maat has weighed our leaders' and our own hearts against her scales of Justice. May you lead us towards an improved new world.
- Send off
 - We thank Horus and Maat for their presence, for their guidance and help. Leave if you must, stay if you will.
- Ending of the Basic Rite of the HML: Sign of the Enterer, exhaling loudly ABRAHADABRA while turning clockwise into a spiral towards to the exterior of the circle. "Had! The manifestation of Nuit!"

Banishing

- Thelemized Latin Stellar Ritual Banishing of the Pentagram (see Annex 1)

Setting of ward

- *Sound of Tibetan bowl*
- Bastet, may you descend into our temple and our home to keep us in your warm embrace. May you bring love and happiness and peace into our home and may you guard us along our way.
- Mantra with a smile of "MI-A-OU" in unison and hugs at the end to symbolize the happiness and peace.
- *Sound of Tibetan bowl*
- As we open the doors to the temple, the three cats rush into the temple to bask in the feline energies summoned!

Final gesture of intent

- To remind ourselves of the commitment we made, we took the water from the ritual cup and sprayed droplets in a circle around the temple to symbolize the rains which fall to quench the fires of the forests and took the rest to water our pine tree on the balcony, saying we will do our symbolic part (see fig. 7)
- Afterwards, we spent the whole day in the sunlit nature or our town, walking around a lake and having a picnic whilst admiring the beauty of it all and giving thanks to mother nature for the gift she has always provided for us, being grateful for it all (see fig. 8 and 9)
